

# Aqualux Cable Entry Options Naming Convention

21st June 2024

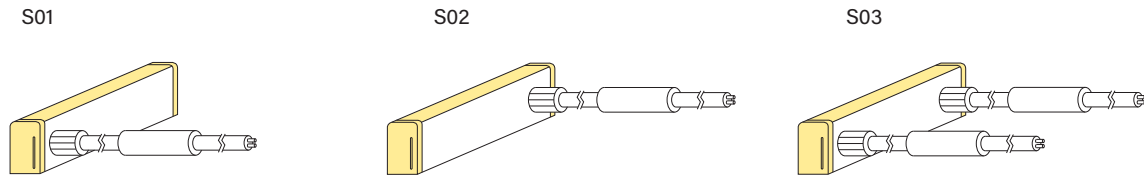

- Please use the below codes to refer to cable input direction and quantity.
- This applies to AQS-COB and Neon Flex (although not all options are compatible)
- Do not use the terms direct, side or behind on internal paperwork but instead use the code. (e.g. "Bottom cable entry on each end" = B03)
- The length of the tail will still need to be specified as needed. (e.g. B03 1m tails)

Some complete examples are: 1 x 7200mm - B03 1m Tails  
1 x 5000mm - D01 1m Tail

## Direct Cable Entry

## Side Cable Entry

## Bottom Cable Entry
