

# Product Change Notification

**Date: 31st August 2021**

**PCN: Aqualux PCN004**

## Subject

Standard Powder Coat finishes by Aqualux.

## Description

Aqualux is pleased to announce the addition of two new colors as standard to our lineup of powder coat finishes.

A1 - Silver Reign (Dulux Electro 9067614K). This will replace the current A1 Clear anodized finish.

A8 - Flat White (Dulux Electro 9061200F).

## TimeLine

A1 - Silver Reign powder coat will replace A1 anodizer by the end of September 2021.

A8 - Available immediately.

## Changes

These changes come on top of last year's introduction of the A2, A3 & A4 powder coat finishes announced in PCN001 & PCN002. The changes described in PCN004 largely complete the transition from anodizing to powder coat for the Lumena range.

The following Dulux Electro finishes are now available as standard colors at no extra cost on all models mentioned below.

A1 - Silver Reign 9067614K

A2 - Black Ace Flat 9069116F

A3 - Medium Bronze 9068183K

A4 - Venerable Silver 9067621K

A8 - Flat White 9061200F

## Affected Products

The following products are now powder coated in-house by Aqualux.

The finishes in other families or models remain unchanged at this time.
